The past 2 weeks have been very difficult for a lot of people in PNG, Japan and Aust. with the tragic loss of life at Kokoda. Everyone around the local community here Australia wide and around the world that I have spoken to have expressed there sadness towards the families to those lost and there has been much in every newspaper and television news. Dorcas and I and all involved with Kokoda Angels send our deep sympathies and condolences to families and friends of the crash victims. There have been a lot of prayers sent your way and more to come.

Jeff & Dorcas Keough

Kokoda Memorial
